STATION ORDER 3710.2

From: Commanding Officer

To: Distribution List

Subj: NOISE ABATEMENT DURING CEREMONIAL FUNCTIONS

Encl: (1) Sample Message Format

1. Purpose. To promulgate policies and procedures to be used for noise abatement during certain ceremonial functions at Marine Corps Air Station (MCAS) Miramar and stipulated events in the surrounding community.

2. Information

a. All MCAS Miramar inbound and outbound aircraft, except for emergencies, will abide by noise abatement procedures for either Quiet hours or Modified Quiet hours, as applicable.

b. Quiet hours are noise abatement procedures implemented for Change of Command Ceremonies conducted on the flight line. All other ceremonies conducted on the flight line will be considered on a case by case basis for Modified Quiet hours.

c. All aircraft operating within the MCAS Miramar control zone during Quiet Hours will be limited in operation to the following:

(1) For Station Sections:

(a) Advise all aircraft on initial contact that Quiet hours are in effect.

(b) Tower will not issue taxi clearance five minutes prior to Quiet hours.

(c) Do not issue takeoff clearances during Quiet hours.

(d) Instruct all vehicles to remain clear of the ceremony area.

(2) For All Squadrons:

(a) No take offs, landings, practice approaches, or maintenance turns authorized during Quiet hours.

(b) Ensure that maintenance personnel and flight crews are aware of Quiet hours.

(c) Do not turn engine or taxi.

(d) No GSE operations permitted

(3) Quiet hours may be modified by the Airfield Operations Officer to allow the turn-up and/or takeoff of propeller-driven aircraft (KC-130, C-12, T-34) and helicopters provided such operations do not disturb the ceremony site.

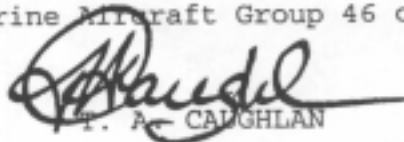

c. Modified Quiet hours restrictions are less than those established during Quiet hours. Modified Quiet hours are limited to departures and straight-in full stop landings only. The use of GCA pattern, multiple approaches, FCLP's and high power turn-up's are not permitted. During Modified Quiet hours, vehicular traffic is to remain clear of the ceremony area whenever possible, and GSE operations are permitted only when deemed essential. Airfield Operations will review individual requests for Modified Quiet hours and publish appropriate restrictions as required.

3. Action

a. The Command conducting the ceremony should submit their request for Quiet hours or Modified Quiet hours up the appropriate chain of command to this headquarters (ATTN: Airfield Operations) a minimum of 30 days prior to the ceremony. The request should include the time, date and place of the ceremony or event. Quiet hours are normally approved for a maximum of one hour in order to minimize the impact on flight operations.

b. Upon receipt of a valid request, the MCAS Miramar Airfield Operations Officer will publish the noise abatement message using the format depicted in the enclosure.

5. Concurrence. The Commanding General, 3rd Marine Aircraft Wing and Commanding Officer, Marine Aircraft Group 46 concur with the provisions of this Order.

  
T. A. CAUGHLAN
